

How to Draw Tigy

Hi, I'm Matilda! Let's learn how to draw Tigy, one easy step at a time. Grab a pencil and follow along — anyone can do it.

Let's begin

1

Start with the head shape

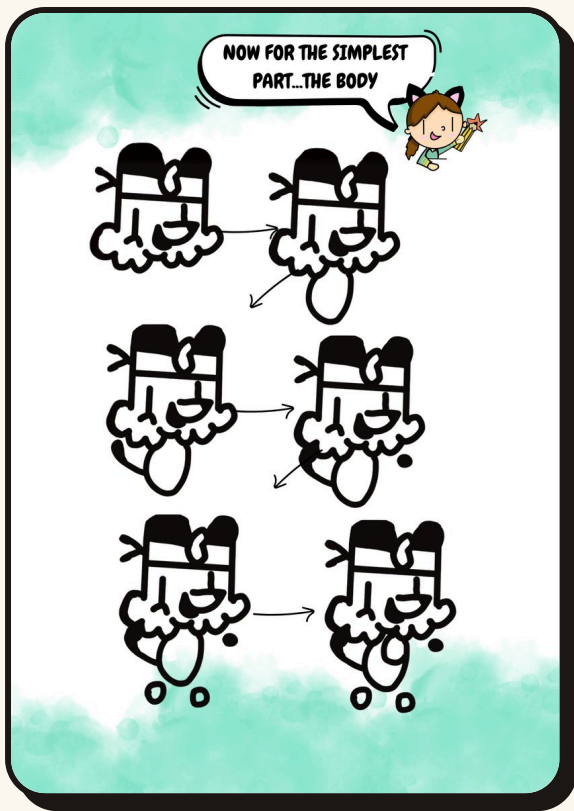

Draw Tigy's head and ears. Nice and simple — just soft, rounded shapes to build on.

2

Add the headband and face

Pop on his headband, then add the eyes and a big friendly mouth. He's starting to come alive!

3

Now the body – the simplest part

Add his body, arms and feet. A few easy lines and Tigy's all there, ready for action.

4

Add colour and bring him alive

Colour him in and give him an expression. Happy, brave, cheeky — Tigy is yours now!

More characters — Lion, Wolfy and friends — coming soon!
